The personnel in the Pyhä Ski Resort are happy to welcome the para alpine teams to compete in Euro-pa Cup and WPAS races (SL/GS) in November 2018. We also provide great training opportunities before and after the races. Our opening goal for the ski season 2018-2019 is November 15th 2018.

EASY TO ARRIVE

Pyhä is located in the Finnish Lapland close to the Arctic circle, only 130 kilometers from Rovaniemi airport which has several daily connections from Helsinki. There are connections from all major European and some North American and Asian airports to Helsinki.

The airport bus service is available from the airport to the ski resort. Private transport with mini-bus starting from 370 €/one-way, max. capacity 16 people. Pyhä sales team can help with bookings.

HIGHLY RATED BY THE ATHLETES

The compact design of Pyhä ski resort works perfect for teams. All the important services and facilities: slopes and lifts, accommodation, restaurant, well equipped gym, equipment service rooms, meeting rooms for team captains, massage services and so on are located within walking distance. It is only 50-150 meters from the Ski-Inn accommodations to the slopes. Teams don't need a car at Pyhä. Training sessions can be carried out effectively

with Pyhä Express (6 persons detachable chair with a wind protection bubble), which goes up in 4 minutes. Teams can easily train 2 to 3 times a day at Pyhä. FIS homologated Piste Palander is our main training slope. All the slopes are opened with man-made snow.

Pyhä has a long experience in organizing training camps and competitions. We have also been working with para snowboarders for the last two seasons. This coming season we will host Para Snowboarding World Championships.

SKI PASSES

Ski Passes will be offered to teams with training group prices. See the prices at the end of this letter.

There are several options including Ski-Inn hotel rooms and apartments which are all located next to the slopes. The accommodation is offered with a half board or a full board option.
