

ROAD TO PYEONGCHANG 2018

WWW.SNOWWORLD.COM

WELCOME

Dear AIR team members,

On behalf of SnowWorld, I welcome you in Landgraaf for a week of Adaptive Indoor Races. We are very pleased to see that so many of the best international teams in disabled winter sports have once again found their way to the Netherlands.

SnowWorld Landgraaf has been host of important international competitions since we opened our facility in 2003 with the FIS World Cup Snowboard Parallelsalom. Since then, several winter sport disciplines start their competition season in SnowWorld.

SnowWorld has already seen many winter sport stars training and competing in Landgraaf. We are extra proud to have that many Dutch athletes who will start their season in Landgraaf.

I can honestly say that our Organizing Committee and competition personnel, consisting of employees and volunteers of SnowWorld and long term partner the Netherlands Ski Federation look forward each year to have these Adaptive Indoor Races.

Together with the Netherlands Ski Federation we will do everything in our power to keep supporting new and established talent with top class training facilities and competitions, like this week of Adaptive Indoor Racing.

I wish you all the best of luck and sportive success amongst friends, here in SnowWorld.

Koos Hendriks
CEO
SnowWorld Leisure NV

WELCOME

Netherlands Ski Federation welcomes IPC!

Dear winter sport friends,

The Netherlands Ski Federation is very pleased to welcome all international IPC athletes, coaches, guides and officials back in the Netherlands for our Adaptive Indoor Races.

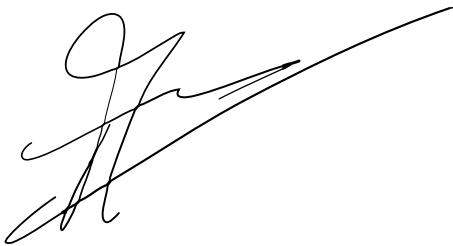

Together with our long term partner SnowWorld we are proud to host the season opener in several levels of races and disciplines. As our cooperation with IPC continues, this year there are even more races on the program. This week includes two IPCAS races, three Europa Cups and two World Cups, divided over the alpine and snowboard disciplines.

Because of the very controllable conditions, SnowWorld Landgraaf is the perfect location to host these first international races of the season. For the 6th consecutive year our organizing committee will do their best to provide hospitality and the best possible conditions for these races.

We wish you all a great race, a successful season and a very good stay in the Netherlands!

Netherlands Ski Federation

VENUE

SnowWorld Landgraaf- Wheelchair accessible

Of course, SnowWorld Landgraaf and the Netherlands Ski Federation will organize the best conditions they can provide for the Adaptive Indoor Races. Besides using the slopes for training and races, SnowWorld has a great gym, which athletes and coaches can use, free of charge.

For athletes who use a wheelchair it is good to know that a lift, situated in the Central Hall can take them up to first floor, where the gym is. This lift can also be used to take them down, where classification for PI is situated, rental services and will give them access to the parking lot, where the outside waxing facilities are located. Another lift is available at the hotel, which is also accessible from the hotel parking.

The wheelchair access to the slopes is in the restaurant in the right corner. Normally the door is locked, but this week it will be open for the Adaptive Indoor Races. If needed, stools for in the showers can be picked up free of charge from the hotel reception.

If there are any questions, please address yourself to the race-office or to a member of the Organizing Committee. We will do our best to make your stay as pleasant as possible.

MEDICAL PROTOCOL

The organization of the Adaptive Indoor Races in SnowWorld Landgraaf would like to inform you about the following medical procedures.

At each training first aid will be present on the slopes.

At the days of competition a first aid team will be present at the bottom of the slope. A first aid team on skies will be situated at the start, to go down in case of an accident. An ambulance will be present at the bottom of the slope, directly at the exit of the indoor dome on the left hand side of the competition slope (looking up).

The event medical director is the first line of contact for the team physician in any medical or linked organizational issues. In case of an accident he will stop the competition if necessary and let the doctors provide adequate care. In case of a severe accident, the athlete will be transported to the Heerlen Atrium hospital by ambulance at a 8 minutes drive.

A Cardiac Life Support (AED) device is situated: at the top station of the chairlift, at the reception in the central hall and at the gym.

Important names and numbers:

Event Medical Director	Thiemo Limpens	+316 52306667
Hospital	Heerlen Atrium Henry Dunantstraat 5 6418 PC Heerlen	+31 45 576 72 00
Doctor	Situated in Heerlen Atrium	see above.
