YUZHNO- SAKHALINSK

winter

SAKHALIN

Yuzhno-Sakhalinsk has a favorable climate, snowy and warm winters, transport accessibility to sports facilities, the availability of hotel infrastructure, as well as the availability of catering facilities.

Yuzhno-Sakhalinsk meets all these requirements and have all the necessary conditions for sports, leisure and entertainment are created for all athletes. The current state of physical education and sports in the Sakhalin Region is characterized by positive trends related to the development of mass sports, the construction and modernization of sports facilities.

Sakhalin is the largest island of Russia, separated by the Tatar Strait from the eastern part of the Asian coast and washed by the Sea of Okhotsk and Japan. The climate of the island is moderately monsoon. The terrain is formed by small mountains and lowland plains, 2/3 of the territory is taiga.

The main and most valuable landmark of Sakhalin is amazing nature. Delightful atmosphere of complete unity with nature, active relaxation and an amazing feeling of complete freedom. About 136 species of animals and about 133 species of plants are listed in the Red Book. Island with unique flora and fauna - this is beautiful and inconsistent Sakhalin.
