***Welcoming, Clean and Customer Service Oriented...***

Our staff take pride in making our guests feel welcome. At any given time throughout the year we have English, French, German and Spanish speaking staff. As well as other languages.

As a standard practice we would meet with all of our staff to explain what will be happening during the event, and ensure they are able to answer questions, assist if necessary and send people in the right direction. An information board specific to the event would set up in the lobby and updated daily along with race times and results.

We will create a festive atmosphere throughout the property by hanging flags from each participating country - inside and out so that athletes will feel welcome. A welcome banner will be hung outside the property as well.

A master account is a standard practice for any group at the Rocky Mountain Ski Lodge requesting one and can be arranged for each team and the Alberta World Cup Society.

We have a variety of accommodation options to suit various Athletes' needs and Chez Francois has given us an excellent selection of menu options based on a minimum of 50 persons to a maximum of 150 persons. As you know, Chez Francois is literally a '2 minute walk' from the Rocky Mountain Ski Lodge and we regularly recommend this restaurant for their high quality of food and service.

We can comfortably accommodate 165 persons based on one individual per bed. This does not include the double futon beds in the rooms which can accommodate an additional 45 persons.

These package prices are quoted per person, based on single, double, triple and quad occupancy and include: room, \*breakfast and \*dinner as described in this proposal. The package also includes food and beverage gratuities and are quoted daily, net, non-commissionable in Canadian funds. The rates are outlined in addendum 1. Meals (breakfast and dinner) will be provided at Chez Francois restaurant. Coffee and tea service will also be provided in the lobby of the Rocky Mountain Ski Lodge all day and evening. See addendum 3.
