

ROAD TO PYEONGCHANG 2018

WWW.SNOWWORLD.COM

WELCOME

Dear IPCAS talent,

It's a pleasure to welcome you in SnowWorld! SnowWorld Landgraaf is the winter sports resort where the Road to PyeongChang 2018 begins.

Many athletes started the road to Sochi here, in Landgraaf. Bibian Mental was one of these athletes. We are very proud we could offer her the platform for the fantastic result of Olympic gold at the snowboardcross in the Paralympic team in Sochi. We hope to continue this trend in the future.

SnowWorld, the Netherlands Ski Federation and many other partners joined forces to create the best possible environment for the athletes, coaches, officials, spectators and volunteers during all events.

Together we will do everything in our power to keep supporting new and established talent on snow, by providing them with top class training facilities and assistance in every possible way.

For now... Welcome to SnowWorld! We wish everyone the best of luck on their road to PyeongChang.

WELCOME

Dear winter sport friends,

The Netherlands Ski Federation is very pleased and proud to welcome all international IPC athletes, coaches, guides and officials back in the Netherlands.

In this post-Paralympic year, we are excited to see established athletes, Paralympic champions and medal holders perform next to new talents. New this year is, the first ever, IPC snowboard banked slalom races on Europa Cup and World Cup level.

SnowWorld Landgraaf is the perfect location to host these first international races of the season. For the 5th consecutive year our organizing committee will do their best to provide hospitality and the best possible conditions for these races to start the season.

We wish you all a great race, a successful season and a very good stay in SnowWorld Landgraaf!

SnowWorld Landgraaf

Of course, SnowWorld Landgraaf and the Netherlands Ski Federation will organize the best conditions they can provide. Besides using the slopes for training and races, SnowWorld has a great gym, which athletes and coaches can use, free of charge.

For athletes who use a wheelchair it is good to know that a lift, situated in the central hall can take them up to first floor, where the gym is. This lift can also be used to take them downstairs, where rental services, access to the parking lot and the waxing facilities (outside) are situated.

Another lift is available at the hotel, which is also accessible from the hotel parking. If needed, stools for in the showers can be picked up free of charge from the hotel reception.

If there are any questions, please address yourself to the race-office or to a member of the Organizing Committee. We will do our best to make your stay as pleasant as possible.

MEDICAL PROTOCOL

The organization of the IPCAS-races in SnowWorld Landgraaf would like to inform you about the following medical procedures.

At each training first aid will be present on the slopes. At the days of competition a first aid team will be present at the bottom of the slope. Two employees of first aid on skies will be situated at the start, to descend in case of an accident. An ambulance will be present at the bottom of the slope, directly at the exit of the indoor dome on the left hand side of the competition slope (looking up).

The Event Medical Director is the first line of contact for the Team Physician in any medical or linked organizational issues. In case of an accident he will stop the competition if necessary and let the doctors provide adequate care. In case of a severe accident, the athlete will be transported to the Heerlen Atrium hospital by ambulance at an 8 minute drive.

A Cardiac Life Support (AED) device is situated: at the top station of the chairlift, at the reception in the central hall and at the gym.
