Competition Format and Rules

竞赛形式与规则

As of SAT 26 FEB 2022

PARALYMPIC COMPETITION FORMAT

Para biathlon combines cross-country skiing and rifle shooting. Athletes with physical and vision impairments may compete in sprint, individual and middle distance events.

There are 18 Para biathlon events at the Beijing 2022 Paralympic Winter Games:

- Men's individual standing, sitting and vision impaired (12.5km)
- Men's middle distance standing, sitting and vision impaired (each 10km)
- Men's sprint standing, sitting and vision impaired (each 6km)
- Women's individual standing, sitting and vision impaired (each 12.5km)
- Women's middle distance standing, sitting and vision impaired (each 10km)
- Women's sprint standing, sitting and vision impaired (6km)

Courses

Para biathlon courses at Beijing 2022 are based on separate loops, which intersect at the stadium, for standing, vision impaired and sitting competitors. Courses used are 2km and 2.5 km loops, depending on the respective Para biathlon events.

Targets

A shooting range is located in a central area of each course, in which five metal targets are placed 10m away. Sit skiers and standing skiers aim at independently operating dropdown targets which are 13mm in diameter. Vision impaired athletes shoot at targets with a diameter of 21mm, using electronic rifles which enable them to use their hearing to take aim. The closer an athlete's aim is to the centre of the target, the higher the tone emitted from the rifle.

Starting interval

Athletes begin racing typically at 30-second intervals, stopping to shoot from the prone position once every lap with the exception of the last lap, on which they do not shoot.

Para biathlon individual

The Para biathlon individual competition includes four shootings and five ski loops. For each missed shot the athlete will have a one-minute penalty.

Para biathlon sprint

The Para biathlon sprint competition has two shooting stages and three ski loops. For each missed shot the athlete must ski one penalty loop. The length of the penalty loop is 150m for standing athletes and 100m for sitting athletes.

Para biathlon middle distance

The Para biathlon middle distance competition has four shooting stages and five ski loops. For each missed shot the athlete must ski one penalty loop. The length of the penalty loop is 150m for standing athletes and 100m for sitting athletes.

Scoring

Scoring in Para biathlon is designed for fairness for all competitors. Before competition starts, a classification system is used to group athletes according to how they race – sitting, standing or with a vision impairment – and the impact on activity. Race times are adjusted for each classification class.

Results are calculated by multiplying a percentage by an athlete's actual race time. The percentage is specific to each sport class within each impairment group, is based on the skiing technique used (classic or free, or neither, in the case of sit skiers), and is used to determine the overall ranking of competitors.

Delta time is the time (real time) the skier would have to ski faster in order to tie the winner's result (in adjusted time).

EVENT	DISTANCE	PARTICIPANTS	STARTING ORDER	SHOOTING BOUTS AND POSITION	ROUNDS/BOUT	PENALTIES

CHANGES SINCE PYEONGCHANG 2018 PARALYMPIC GAMES

Race distance were adjusted in season 2020/2021.

DIFFERENCES FROM OLYMPIC GAMES

- With three classes and two genders there are up to six competitions per day, compared with up to two per day during the Olympic Games.
- Depending on the final schedule some events may be run concurrently – i.e. two races (two genders in the same class) running simultaneously.
- Athletes in the B class (vision impaired) ski with guides, guides names are included in the start and results lists and guides also receive medals.
- Results are based on calculated times derived from applying the athlete's percentage to their actual time.
- In Paralympic biathlon competitions athletes do not carry rifles as in the Olympic Games.
- Standing classes use air rifles and shoot on a 10m range, compared with a 50m range in the Olympic Games, where .22 rifles are used. Rifles are brought to the shooting mats by coaches.
- Vision impaired skiers use an infrared rifle and listen to an acoustic tone on headphones when aiming. The guide brings the athlete to the shooting mats and the athlete activates the shooting system.
- In the Paralympic Games there is one classic track set if possible along the side of the course in free technique events.

Competition equipment

All competition equipment and uniforms must comply with World Para Nordic Skiing equipment rules and International Paralympic Committee manufacturer identifications guidelines.

Tiebreak rules

If two or more competitors share the same time, a tie will be declared.

Protests

A protest is a written challenge or complaint submitted by a team or competitor about the eligibility of a competitor, violation of the rules by another competitor, errors by the organiser, competition conditions or a decision of the competition jury.

Technical protests must be submitted in writing within 15 minutes of the posting of the unofficial results, along with the payment of 100 euros (or equivalent in RMB). The competition jury handles the protest. If the protest is upheld, the fee will be refunded, and if the protest is rejected, the sum will go to World Para Nordic Skiing, in accordance with World Para Nordic Skiing Rules and Regulations.

The jury decides on any protests that are made, and applies appropriate penalties or corrections to the results if necessary.

Note:

All times except 'Real Time' are calculated times. Calculated time is the real time multiplied by the athlete's percentage.

Delta – Time difference of the competitor's real time and his/her real time equal to the winners result (skiing time).
