Competition Format and Rules

Formato e regras da competição

As of WED 31 AUG 2016

Paralympic competition format

The goalball competition at the Rio 2016 Paralympic Games consists of men's and women's tournaments, with 10 teams in each.

Both events begin with a group stage that is played in a round robin format, in which each team faces every other team in their group. After the group stage each tournament is played in a direct elimination format.

Two groups of five teams start each tournament, with the ranking at the end of the group phase determined by the number of points each team earns from their four matches.

The top four teams in each group qualify for the quarterfinals, the bottom team in each group is eliminated and ranked ninth or 10th according to the goalball rules. The winners of the quarterfinals progress to the semifinals, with the losers ranked fifth to eighth. The winners of the semifinals then contest the gold medal match, while the losing teams play for the bronze medal.

Sport rules and procedures

Game description

Each goalball game is played between two teams with three players in each. Games are 24 minutes long and are split into two 12-minute halves, with a three-minute break between them. Teams have three substitutes available and can make up to four substitutions during a match (a player can be substituted more than once).

The game is played on a court measuring 18m x 9m that is divided into two halves, with teams remaining in their own half during the game. The purpose is to get the ball across the opponent's goal line by throwing it along the floor, while the other team attempts to prevent this. The goals and nets extend the full length of the 9m width of both ends of the court. The ball, which contains bells, is made of hard rubber and has holes in it so the bells to be heard as it moves.

Each team is allowed four time-outs of 45 seconds during the game. At least one of these time-outs must be taken during the first half or it will be lost.

Of the four substitutions each team is allowed per game, at least one must be made during the first half or it will be lost.

Overtime

In the preliminary round, games can end in a tie. Beginning with the quarterfinal round, each game must have a winner.

If the score is tied at the end of play, the teams will play two additional three-minute halves, where the first team to score is the winner.

If the score is still tied at the end of overtime, extra throws will decide the winner. Each team coach will be provided with a line-up sheet for extra throws and the number of extra throws per team will be determined by the minimum number of players listed on the line up sheet. Players will throw and defend in the order on the line-up sheet.

If the score is still tied at the end of the extra throws, sudden death extra throws will decide the winner. The players that took part in extra throws will also take part in sudden-death extra throws. A winner will be declared when one team is ahead at the conclusion of any pair of throws.

Scoring

A goal is scored any time the ball completely crosses a goal line during the game.

If a player's eyeshades are moved or come off when hit by a thrown ball, play will continue until the ball is controlled, blocked out or scored.

The team with the most goals at the end of the match will be the winner. A game is ended if one team leads by a margin of 10 goals.

The goalball competition will be held in accordance with the editions of the following documents that are in force at the time of the Games:

- The International Blind Sports Federation (IBSA) Goalball rulebook 2014-2017 (www.ibsasport.org/sports/files/391-Rules-IBSA-Goalball-Ruls-&-Regulations-2014-2017-v.1.05.pdf)
- The IPC handbook (available at www.paralympic.org/the-ipc/handbook)

IBSA Goalball, working with Rio 2016 goalball competition management, will be responsible for the technical control and direction of the goalball competition at the Rio 2016 Paralympic Games.
