## Letter from the Technical Delegate

This was the second time that Tokyo has hosted a Paralympic Games and their first-time hosting shooting Para sport. And what a Games it was! In uncertain and challenging times, we experienced fantastic and memorable results and performances.

We express our gratitude and appreciation to the organisers of these Paralympic Games for their great efforts and organisation for these 7 days of amazing shooting Para sport; you were excellent hosts to us all at the Asaka Shooting Range!

Despite all restrictions caused by the pandemic, the honourable Japanese spirit and hospitality made us all feel welcome and at home.

We also sincerely thank all the officials, judges and volunteers who made their invaluable contributions to delivering these shooting events; your tireless dedication to your roles has been incredible, and it would not have been possible without you all.

We hope all 154 athletes, from 44 countries, enjoyed their unique experience to be a part of these historic Tokyo 2020 Paralympic Games. On behalf of World Shooting Para Sport we thank you for your outstanding performances. You are all excellent ambassadors for the Paralympic Games; your impressive results and performances enthralled and inspired us all, and we hope you will leave Tokyo as Proud Paralympians.

We wish you all a safe journey home from the Tokyo 2020 Paralympic Games and we hope that you will take home with you some special memories of amazing sport, Tokyo atmosphere, and friendship.

Thank you!

Ghislaine Briez  
Technical Delegate

#### Sport rules and procedures

##### Air rifle and 50m rifle prone (events R1 to R6 and R9)

The top eight athletes in the qualification advance to the final.

Scores are calculated using 10th-ring (decimal) scoring for the respective targets, with 10.9 the maximum achievable score per shot.

The finals consist of two stages, a first competition stage followed by an elimination stage:

-In the first stage, athletes fire two series of five shots, each fired in 250 seconds per series (150sec per series for rifle prone events)

-Eliminations of the lowest scoring finalists begin after the 12th shot and continue after every two additional shots

The 14 single shots are each fired in 50sec (30sec for rifle prone events).

Eliminations continue after every two shots until only two athletes remain, with the gold and silver medals decided on shot 24.

##### 50m rifle 3 positions (events R7-R8)

The top eight athletes in the qualification advance to the final.

Scores are calculated using 10th-ring (decimal) scoring.

The finals commence with three series of five shots kneeling (200 seconds per series) and three series of five shots prone (150sec per series). Finalists then undertake two series of five shots standing (250 sec per series) with the two lowest-ranking finalists eliminated after this point. The finals then continue with five single shots (50sec per shot) in the standing position, with the lowest-ranked athlete eliminated after each shot until only two athletes remain to fire their last shot to determine the gold medallist.

## 10m and 50m Pistol (events P1, P2 and P4)

The top eight athletes in qualification advance to the final.

Scores are calculated with 10th-ring (decimal) scoring for the respective targets, with 10.9 the maximum achievable score per shot.

The finals consist of two stages, a first competition stage followed by an elimination stage:

-In the first stage, athletes fire two series of five shots, each fired in 250sec per series.

-Eliminations of the lowest scoring finalists begin after the twelve shot and continue after every two additional shots.

The 14 single shots, are each fired in 50sec.

The eliminations continue after every two shots until only two athletes remain, with the gold and silver medals decided on shot number 24.

## 25m Pistol (event P3)

The qualification consists of a combination of 30 precision shots and 30 rapid fire shots. The top eight athletes qualify and move to the final. All scoring is hit or miss; the size of the hit zone is within the score 10.2 or above.

The final consists of 10 five-shot rapid-fire series with hit or miss scoring. The elimination of the lowest scoring finalists begins after the fourth series and continues until the 10th series when the gold and silver medals are decided.

## Scoring

In all events, shots are fired at a 10-ring target; scores are calculated electronically by measuring the distance between the centre of the shot hole and the centre of the target.

In rifle events (except for 50m 3 position qualification events), the 10 rings are subdivided into 10 'decimal' score zones, making 10.9 the highest score possible. In 50m 3 position events, full ring scoring is used, making 10 the highest achievable score.

In pistol events, the centre of the target is worth a maximum 10 points. In precision events/stages, competitors aim at the standard 10-ring target; with full ring scoring used in qualification events and decimal scoring used in finals. In rapid-fire events/stages the target is comprised of five, rather than 10, scoring rings; in qualification stages the target is scored five to 10 points, and in finals there will be hit-or-miss scoring.

## Tiebreak rules

Rifle and pistol tiebreaking (to be eligible to advance to the finals from the qualification)

All tied scores in the 50m, 25m and 10m pistol events will be broken by applying the following rules:

-The highest number of inner 10s.

-The highest score of the last 10-shot series, working backward by 10-shot series in full ring scoring (not inner 10s or decimals) until the tie is broken.

-If any ties remain, scores will be compared on a shot-by-shot basis using inner 10s (an inner 10 outranks a 10 that is not an inner 10), beginning with the last shot, then on to the next-to-last shot and so on.

-If any ties remain, scores will be compared on a shot-by-shot basis using decimal ring scores beginning with the last shot, then on to the next to last shot and so on.

-If any ties remain, the athletes must have the same ranking and must be listed in latin alphabetical order using the athlete's family name

When decimal scoring is used for 10m air rifle or 50m rifle prone qualification events, ties will be broken first by comparing the highest score of the last 10-shot series, then the next-to-last series and so on; then by comparing decimal scores on a shot-by-shot basis beginning with the last shot, then on to the next-to-last shot and so on.

The shooting competition will be held in accordance with editions of the following documents that are in force at the time of the Games:

-IPC Shooting rules and regulations (available at [www.ipc-shooting.org/rules/](http://www.ipc-shooting.org/rules/))

-ISSF rules and regulations (available at [www.issf-sports.org](http://www.issf-sports.org))

-The IPC Handbook (available at [www.paralympic.org/the-ipc/handbook](http://www.paralympic.org/the-ipc/handbook))

World Shooting Para Sport, working with Tokyo 2020 competition management, will be responsible for the technical control and direction of the shooting competition at the Tokyo 2020 Paralympic Games.
