

Data Protection Information for Athletes

regarding the transfer of governance of Para dance
sport to World Abilitysport

November 2023

As of 1 January 2024, the International Paralympic Committee, Adenauerallee 212-214, 53113 Bonn, Germany (“**IPC**”, “**we**” or “**us**”) will transfer the governance of Para dance sport to World Abilitysport, Aylesbury College, Oxford Road, Aylesbury, Buckinghamshire, HP21 8PD, United Kingdom (“**World Abilitysport**”). The United Kingdom is a third country outside the European Union but the European Commission has determined, on the basis of Article 45 of Regulation (EU) 2016/679 that the country offers an adequate level of data protection.

The IPC takes the protection of personal data and its confidential treatment very seriously. In the following, we will inform you about how the IPC will process your personal data within the context of transferring the governance of Para dance sport to World Abilitysport and the related rights to which you are entitled.

4 Transfer details

4.1 Transfer of public personal data and right to object

The IPC will transfer to World Abilitysport the public personal and health data relating to the previous performances of athletes (including standing partners) in all Para dance sport competitions (“**Competitions**”) automatically unless an objection is received by 31 December 2023. This relates to the following personal data that are currently published under <https://db.ipc-services.org/sdms/web> for the purpose of documenting and maintaining in perpetuity and history of Competitions, Para sport, the IPC and the Paralympic Movement:

- SDMS Athlete ID
- preferred given and family name(s)
- year of birth
- sport gender category
- representing National Paralympic Committee (“**NPC**”)
- Sport Classes and Sport Class Statuses (as shown on public classification master lists and associated with results and/or rankings)
- historical rankings
- histories of any changes of the above data

The IPC will also transfer to World Abilitysport all public records of performance data and rankings relating to the previous performances of athletes in all Competitions automatically unless an objection is received by 31 December 2023. This relates to the following data that are currently published under <https://www.paralympic.org/dance-sport/results> for the purpose of documenting and maintaining in perpetuity and history of Competitions, Para sport, the IPC and the Paralympic Movement:

- results data
- performances in Competitions together with details (dates, events, event category/classes, etc.)

You have the right to object to the transfer of your public personal and health data on grounds relating to your particular situation until 31 December 2023. If your objection is successful, we will not transfer your public personal and health data to World Abilitysport unless we can demonstrate compelling legitimate grounds for the processing which override your interests, rights, and freedoms or for the establishment, exercise, or defence of legal claims.

Please note, that if you provide your consent to the transfer of your non-public personal and health data (see 4.2 below) prior to 31 December 2023, you also

consent to the transfer of your public personal and health data at the same time that your non-public personal and health data is transferred to World Abilitysport.

4.2 Transfer of non-public personal and health data

The IPC will transfer your non-public personal and health data to World Abilitysport once an athlete/standing partner has consented by **signing and returning the attached Consent Form**. The completed and signed consent form must be uploaded as a PDF file on <https://db.ipc-services.org/sdms/governance-transfer/world-abilitysport>.

Alternatively, athletes and standing partners with access to the SDMS Athlete Portal on <https://db.ipc-services.org/sdms/athlete-portal> can login and provide their consent online without the need to complete the attached form.

Your non-public personal and health data relates to the following personal data:

- passport data (nationality, passport number, date of expiry)
- email address
- date of birth
- latest photo
- licensing history
- full classification profile (medical diagnoses, dates of classification etc.) - not applicable to standing partners
- classification files (electronic and/or paper-based/scanned classification forms, medical diagnostic forms and supporting documents, medical review requests, protest forms) - not applicable to standing partners

5 Purposes

The IPC has originally processed your personal and health data listed in Section 4 above in relation to your participation in all Competitions, and as set out in the IPC Athlete Eligibility Agreement, including for the following purposes:

- facilitating your participation in Competitions
- registration and administration of Para athletes/standing partners
- classification of Para athletes
- organisation of Para dance sport events
- administration of results, rankings, and qualification to major events

The IPC will transfer the governance of Para dance sport to World Abilitysport in relation to these purposes and tasks.

All personal and health data which has been already made public by you or with your permission by your NPC will be transferred to the World Abilitysport for the purpose of documenting and maintaining in perpetuity and history of Competitions, Para sport, the IPC and the Paralympic Movement.

To facilitate your continued participation in Competitions, your additional consent is required to the transfer to the World Abilitysport the non-public personal and health data previously collected by the IPC. **If you choose to consent, please sign and return the attached Consent Form.**

Without your explicit consent the IPC will not grant World Abilitysport any access to your non-public personal and health data, so no transfer of non-public personal and health data to World Abilitysport will take place. This will mean that World Abilitysport is unable to facilitate your ongoing participation in Competitions, and you will be ineligible to compete in Para dance sport, subject to any alternative arrangements you make directly with World Abilitysport.

In addition, if providing your consent prior to 31 December 2023, you also consent to the transfer of your public personal and health data at the same time that your non-public personal and health data is transferred to World Abilitysport.

6 Storage periods

We delete the data when it is no longer required for the purposes we are pursuing, or when you have revoked the consent or objected and there is no other legal basis for processing it. If the latter applies, we delete the data after the other legal basis no longer applies.

7 Obligation to provide

You are neither obliged to provide us with personal data nor to consent in the transfer of your non-public personal and health data described above.

8 Automated individual decision-making including profiling

We do not use automated individual decision-making including profiling in accordance with Article 22 of the European Union General Data Protection Regulation ("GDPR").

9 Your rights

As a data subject, you have the following rights in accordance with the GDPR, as far as the respective legal requirements are met:

Access: You have the right to obtain information about your personal data processed by us.

Rectification: You can obtain the rectification of inaccurate personal data concerning you. Furthermore, you can obtain the completion of incomplete data.

Erasure: In specific cases you can obtain the erasure of your personal data.

Restriction of processing: In specific cases you can obtain restriction of processing of your personal data.

Data portability: If you provided data to us based on a contract or your consent, you can demand that you receive the provided data in a structured, commonly used, and machine-readable format, or that we transmit the data directly to another Controller.

Right to object: Please see further details in section 4.1 above.

Withdrawal of consent: If you gave your consent to the processing of your personal data, you can withdraw your consent at any time with future effect. The lawfulness of the processing of your personal data until your withdrawal will not be affected.

You can contact us at any time to execute your rights. To do so, please use the contact details of the Controller mentioned under section 1 above.

Right of appeal: You have the right to lodge a complaint with a data protection supervisory authority, particularly one in the EU Member State of your habitual residence, workplace, or the place of the suspected violation, if you are of the view that the processing of your personal data is unlawful.

This also includes the supervisory authority responsible for us:
