

## ICE SLEDGE HOCKEY HISTORY

### Origin of Ice Hockey

- In Windsor, Ontario, Canada in 1788, the King's College School for boys adapted the Irish field game of hurley, to play it on Long Pond, a nearby skating pond, and created 'ice hurley' - which developed into ice hockey as it is known today.
- Hurley is a field game played all year round in Ireland with a ball and sticks.
- During a 50-year period there were many references to a similar game with many names, including hurley, ricket, and wicket.
- British Arctic explorer Sir John FRANKLIN noted that his crew members, who included Royal Navy men, exercised by playing hockey on the ice at Fort Franklin, Northwest Territories, in 1825.
- The first set of rules specifying a puck - a flat piece of wood - were written in 1837.
- Six years later, in 1843, a British army officer recorded in his diary that he had learned to skate and play hockey on the ice at Kingston, Upper Canada.
- In that same period, sailors in Halifax and Dartmouth, Canada, were enjoying a rousing stickball game played on skates. With rudimentary rules and a more-the-merrier attitude, these contests were more folk pastime than athletic competition.
- For many years, an undocumented story around Windsor, Canada told of Colonel HOCKEY, an English officer stationed at Fort Edward, whose troops had played ice hurley. It soon became known as 'Hockey's game,' and eventually simply hockey.
- The first known set of North American hockey rules was developed in the 1870s by a group of college students at McGill University in Montreal, Canada.
- One of them, a former Halifax native, James George Aylwin CREIGHTON proposed the introduction of a game he had seen played in Halifax, designed to meet the exercise needs of rugby and football players in the wintertime.
- He is widely recognised as the father of organised hockey.
- On 3 March, 1875, the first hockey match according to Halifax rules was played at the Victoria Skating Rink in Montreal between two local teams - the Montreal Football Club against the Montreal Victoria Skating Rink.
- Hockey quickly caught on and became a Canadian national pastime.
- Having an organised system in place, the game became so popular that it was featured for the first time in Montreal's annual Winter Carnival in 1883.
- In 1888, the Governor General of Canada, Lord Stanley of Preston attended the carnival and was so impressed with the hockey spectacle that he thought there should be a championship trophy for the best team.
- The silver bowl inlaid with gold that he donated became known as the Stanley Cup. The Stanley Cup is the oldest prize that North American Athletes vie for and was first awarded in 1893.
- In the late 1880s and the early 1890s, the new game was spread into the USA by touring teams.
- As an interesting historical footnote, one of Lord Stanley's sons was instrumental in instituting Ice Hockey in the United Kingdom and from there, to Europe at large.
- In 1903 the first professional league was born in the United States.
- An international federation for the sport, called the Ligue Internationale de Hockey sur Glace, now known as the International Ice Hockey Federation (IIHF), was founded in Paris in 1908.
- Two years later the first European Championship took place.
- The first World Ice Hockey Championship was held in Chamonix, France, 1930.
- Most people are surprised to learn that women's Ice Hockey has a history that dates back more than 100 years, beginning with the earliest known image on film of women involved in a game of Ice Hockey, featuring Isobel PRESTON, daughter of Lord Stanley PRESTON playing hockey on a flooded lawn in the winter of 1890.
- There is little doubt that women played the sport well before the first newspaper account of a game between two unnamed women's teams appeared in Canada's Ottawa Citizen on February 11, 1891.
- After much research, that game, which was played in Ottawa, Ontario, Canada, is now regarded as the start of women's Ice Hockey.

### Ice Sledge Hockey

- A direct descendant of Ice Hockey, Ice Sledge Hockey was invented at a rehabilitation centre in Stockholm, Sweden, during the early 1960s by a group of Swedes who, despite their physical disabilities, wanted to continue playing hockey.
- The men modified a metal frame sled, or sledge, with two regular-sized ice hockey skate blades that allowed the puck to pass underneath.
- Using round poles with bike handles for sticks, the men played without any goaltenders on a lake south of Stockholm.
- The sport caught on and, by 1969, Stockholm had a five-team league that included players with a physical disability and able-bodied players.
- That same year, Stockholm hosted the first international Ice Sledge Hockey match between a local club team and one from Oslo, Norway.
- During the 1970s, teams from these two countries played once or twice a year. Several other countries began to establish teams, including Great Britain (1981), Canada (1982), USA (1990), Estonia and Japan (1993).
- In 1986 a World Championship in Ice Sledge Racing, Ice Sledge Hockey and Cross Country skiing was organised in Oslo, Norway. Norway, Sweden and Great Britain competed in the Ice Sledge Hockey tournament.
- In 1990 the first international rules for Ice Sledge Hockey were drafted from Canadian rules.

- In the same year the International Games in Ice Sledge Hockey took place in Oslo, Norway. Participating countries included Canada, USA, Great Britain and Norway.
- In 1991 the first World Cup in Ice Sledge Hockey was hosted in Oslo, Norway. Norway, Sweden, Great Britain, Canada and USA participated. For the first time in 25 years, Sweden lost an Ice Sledge Hockey game to Canada.
- Ice Sledge Hockey made its Paralympic debut at the Lillehammer 1994 Paralympic Winter Games in Norway.
- In 1996 the first sanctioned World Championship for Ice Sledge Hockey took place in Nynashamn, Sweden. Participating countries included Canada, Norway, Sweden, Japan, Estonia and USA.

#### Ice Sledge Hockey today

- Ice Sledge Hockey is practised by athletes in about ten countries worldwide.
- Canada, Norway, Sweden, Great Britain, USA, Japan and Estonia have dominated international competitions, but the sport is growing with club teams now established in Germany, the Netherlands, Denmark, Czech Republic, Russia and Korea.
- Ice Sledge Hockey is governed by the IPC and follows the rules of the International Ice Hockey Federation (IIHF) with a few modifications.

#### Ice Sledge Hockey at the Paralympic Winter Games

- Two Swedish national teams played an exhibition match at the inaugural Ornskoldsvik 1976 Paralympic Winter Games in Sweden. This was also the first time Ice Sledge Hockey coverage was shown on television.
- Ice Sledge Hockey made its official Paralympic debut at the Lillehammer 1994 Paralympic Winter Games, Norway. The competing teams included Canada, Norway, Estonia, Sweden and Great Britain – with Sweden becoming the first Paralympic Champion.
- In the Ice Sledge Hockey competition at the Nagano 1998 Paralympic Winter Games in Japan, Norway won gold, Canada silver and Sweden bronze.
- A fast-paced and highly physical game, Ice Sledge Hockey has become one of the biggest attractions for spectators at the Paralympic Winter Games.

#### Ice Sledge Hockey in Italy

- The arrival of Ice Sledge Hockey in Italy is only quite recent.
- It first appeared in the country following the Salt Lake City 2002 Paralympic Winter Games in the USA, with Italian hopes of entering a team in the Paralympic Games as the host country.
- The game is played only in the regions of Piemonte, Lombardy and Trentino Alto Adige in northern Italy, where the representative sides take part in a three-team championship.
- The main inspiration behind Italian Ice Sledge Hockey is Andrea CHIAROTTI (ITA). An amputee, CHIAROTTI has for a long time been a part of the national hockey environment, training an A-league line-up of the Italian Ice Sports Federation (FISG).
- However, he recently decided to dedicate his efforts to Paralympic hockey and go back to the field as a player.
- In the last two years, the Italian Paralympic Committee, together with its respective regional committees and other affiliated sports associations, has organised training internships with the aim of preparing the national team, which will contest the Torino 2006 Paralympic Winter Games.
- Last year, Italy took part in the European Championships, sanctioned by the European Paralympic Committee, and faced international competition for the first time.

## COMPETITION DESCRIPTION

### Paralympic competition format

The Torino 2006 Paralympic Winter Games Ice Sledge Hockey competition takes place from March 11-18 at Torino Esposizioni. Ice Sledge Hockey is similar to Ice Hockey in that each team is composed of 15 players, including two goaltenders. All 15 players may dress for each game. Athletes use sledges with two blades that allow the puck to pass underneath and picks to propel themselves and to move the puck across the ice.

As with Ice Hockey, each team has five players on the ice plus a goalie.

Eight men's teams take part in the Paralympic Ice Sledge Hockey tournament. Games are played as three 15 minute, stop-time periods.

There are two phases: preliminary round and playoffs.

### Preliminary Round

All teams will participate in the preliminary round. The preliminary games will be a round-robin format with each of the eight teams playing each team once (seven games each).

### Final Round

Final round games will be based on total points earned. The top two teams play in the gold medal final, teams three and four play in the bronze final and the remaining four teams play in the fifth to eighth place game.

### Differences between Olympic Winter Games and Paralympic Winter Games

Ice Sledge Hockey competitors have lower limb disabilities, meaning clearly and easily recognised permanent disabilities in the lower limbs (athletes who are unable to skate or play ice hockey under ordinary circumstances). Each competitor on a bladed 'sledge' propels the sledge forward using sticks held in each hand. The sticks are also used to shoot and pass the puck, which is able to roll underneath the sledge.

### Changes since the Salt Lake City 2002 Paralympic Winter Games

There are minor changes in Ice Sledge Hockey rules including:

- If a puck should strike any part of the goalie mask on an initial shot and should go into the net, the goal will stand. If the puck should strike any part of the goalie mask on the initial shot but should not go into the net the play will be whistled down, the referee shall stop the play and call for a face-off at the nearest face-off circle.
- All 15 athletes may dress for competition.
- Video goal judge equipment shall be used for Paralympic Games and World Championships.

### General rules

The Ice Sledge Hockey competitions will be held in accordance with the International Paralympic Sport Federation (IPSF) and International Paralympic Committee (IPC) rules. In case of a disagreement in the interpretation of the rules, the English version shall prevail.

Any questions or incidents not covered by the rules will be handled as follows:

- Cases of a general nature will be resolved in accordance with the IPC Ice Sledge Hockey Rule Book and the IPC Handbook valid at the time of the Games.
- Technical issues will be resolved by the competition jury in accordance with Sport rules.

### Scoring system

As in Ice Hockey, each team attempts to outscore its opponent by shooting the puck (a hard rubber disc) across the ice and into the opposing team's goal while preventing the opposing team from scoring.

### Scoring in the preliminary round

Points will be awarded on the following basis:

- Two points for a win
- One point for a tie
- Zero points for a loss

The two teams with the highest number of total points in the preliminary round play for the gold and silver medals. The next two teams in total points play for the bronze medal. The last two teams play for fifth and sixth place in a placement game.

### Timing

Each game shall be composed of three equal playing periods called stop-time periods.

Games shall be scheduled and played as three, 15 minutes stop-time periods. A maximum of 20 minutes off-ice to a minimum of three minutes on-ice rests may be provided for rest between periods. Any changes may be mutually agreed upon by the team coaches during a game.

Teams failing to show for a scheduled game, or failing to have players on the ice to start the game within ten minutes of the official start-time, will be declared by the referee as having forfeited that game to the opposing team.

Should both teams fail to appear for a scheduled game, each team will be posted with a loss (as a forfeiture in determining team standings), unless the IPC technical delegate (TD), and the Organising Committee deem it appropriate to reschedule that game.

### Tie-break rules and procedures

#### Preliminary round

In the case of a tie point score between teams, the ranking of the teams concerned shall be determined by the result(s) of the game or games played between such teams. The team with the highest number of wins against one another will be declared the higher ranked team in the respective pool and each concerned team will be ranked accordingly.

If the teams are still tied, the ratio of goals scored by a team versus goals scored against the team in all games played in the pool will be used to determine the higher ranked team within the respective pool.

If the teams are still tied, the team with the highest number of goals scored in all Games played in the pool will be declared the higher ranked team in the respective pool.

In the case that there is still a tie, the higher ranked team will be determined through the shoot-out procedures outlined in the International Ice Hockey Federation (IIHF) Equal Position Regulations.

#### Medal and placement games

Ties are not permitted. Instead, the game is prolonged by a sudden-victory overtime period: one 10-minute stop-time period in which the first team to score wins the game. If neither team scores a goal, five players take penalty shots from each team. The team that scores the most goals with these five shots wins the game.

If the game remains tied, the same five players from each team participate in a sudden-death penalty shoot-out competition. Each team takes turns shooting until a player scores. If the opposing team does not immediately respond with a goal, the scoring team is declared the winner. If the tie remains after the five shooters for each team have shot, the teams repeat the process and the competition continues until a winner is decided.

#### Penalties and disqualification

Penalties may be assessed at any time before, during and after the game, when an offence is committed, regardless of whether or not play is in progress. Penalties may also be assessed for infractions of the rules committed during the pre-game warm-up, when observed by the referee, a linesman or the appointed stand-by or minor official.

The penalties shall be in actual playing time and are as follows:

- Minor penalties: two minutes.
- Bench minor penalties: two minutes.
- Major penalties: five minutes.
- Misconduct penalties: 10 minutes, immediate substitute allowed.
- Match penalties: exclusion of player, substitute allowed after five minutes.
- Game penalties: a game penalty may be determined at the discretion of the referee.
- Penalty shot: if a goal is scored on a penalty shot against a team that is short-handed by reason of a minor or bench minor penalty, no player of the short-handed team shall return to the ice with the scoring of the penalty shot goal.

Any unnecessary contact between opposing players after the referee's whistle or siren ending the period shall result in penalties being assessed as prescribed for the type of infraction.

#### Minor penalties

- The use of a stick of non-conforming size.
- The player who loses his helmet during play shall stop playing immediately and replace the helmet, correctly fastened or proceed to his team bench. Failure to do so results in a minor penalty.
- A player who attempts to knock off an opposing player's helmet will be assessed a minor penalty.
- Cross-checking with the sticks or using a stick to push an opponent.
- Carrying the lower pick end of the stick above hip-height when in close proximity of opponent or shooting the puck with the pick-end.
- Playing the puck with the lower pick end of the stick in close proximity of an opponent or shooting the puck with the pick-end.
- Any part of the stick above shoulder-height in close proximity of opponent.
- Turning up the under part of the sledge towards an opponent or exposing a blade and colliding.
- Body-checking is allowed only with the upper torso or side of the sledge. Running into an opponent at an angle of 90 degrees (broadside) or deliberately with the front of the sledge forward, from a head-on position (ramming/charging).
- Locking the puck against the ice with the fingers, hand, stick or sledge to keep an opponent from getting the puck except for the goalkeeper.
- Any player who throws his stick or any part thereof, anywhere other than at the puck or puck carrier will be assessed a minor penalty.

### Bench minor penalties

- A bench minor penalty shall be assessed a team where any player or team official on the bench bangs the boards or ice surface with a stick or any other object in protest of an official's ruling.

When a player on the ice commits the infraction above-mentioned, he shall be assessed a minor penalty for unsportsmanlike conduct.

### Major penalties

- Any attempt to injure or clearly deliberate injury. This includes running the goalkeeper or making no visible attempt to avoid body contact in the crease (i.e. no piling of opposing players into the net).
- Cross-checking, intentional 'sledge-ramming', body checking from behind, or deliberately pushing an opposing player from behind with a stick or making contact with an opposing player with a high stick or a pick-end or goalkeepers' equipment, which draws blood whether intentional or not, results in an automatic major penalty.
- A major penalty shall be assessed any player who deliberately throws his stick or any part thereof, or any other object at the puck or puck carrier in his attacking zone or in the neutral zone, except when such an act has been penalised by the awarding of a penalty shot or goal.
- A misconduct penalty shall be assessed any player who deliberately throws a stick or any part thereof or any object, outside the playing area or at a game official.
- A player or team official who refuses to leave the bench or playing area after he has been given a misconduct penalty, may be suspended for one year or more from the date of the infraction.

### Match penalties

A match penalty may be determined at the discretion of the referee.

### Game penalties

A game penalty may be determined at the discretion of the referee.

### Penalty shots

Where any player of the defending team, including the goalkeeper, deliberately throws his stick or any part thereof, or any other object at the puck or puck carrier in the defending zone, the referee shall allow the play to be completed and if a goal is not scored, a penalty shot shall be awarded to the attacking team. If a goal is scored, the penalty shot shall not be awarded.

### Protests and appeals

Protests must be submitted in writing to the directorate jury, in English, within one hour after competition of the game.

### Technical protests

Disputes will be resolved under the authority of the IPC. The technical delegate and assigned officials shall decide on matters in the first instance. The jury of appeal is composed of the IPC ice sledge hockey directorate jury. All technical appeals shall be made in accordance with procedures and guidelines of the IPC.

### Clothing and equipment

The advertising on material and equipment which is worn during IPC Paralympic Winter Games and other IPC sanctioned competitions must conform to the IPC Manufacturing and Trademark Guidelines.

### Protective Gear

Due to the physical nature of the game, all players are required to wear a helmet with a full cage or mask as well as a protective collar or bib. Players are also encouraged to wear protective padding, including shoulder pads, shin guards, elbow pads and large padded gloves. In addition, the goalkeeper wears leg pads, body pads, a helmet with a visor and a catcher glove to protect the athlete from pucks flying up to 100 kmh.

### Puck

Made of vulcanized rubber or other approved material, the puck is 2.54 cm thick, with a diameter of 7.62 cm and weighs 156-170 g.

### Sledge

Made of aluminium or steel, sledges are 0.6-1.2 m in length with a curved front end and one of two different seating systems. The sledge is set on two blades, which are usually made of tempered steel and are each 3 mm thick. The puck must be able to pass underneath the sledge. The height of the main frame must be between 8.5 cm to 9.5 cm above the ice, and the length of the blade may not be more than one-third of the total length of the sledge. The sledge may be equipped with a backrest, but it must not protrude laterally beyond the armpits when the player is properly seated. Straps secure a player's feet, ankles, knees and hips to the sledge.

### Stick

The word hockey comes from the French word hocquet, which means hooked stick. In Ice Sledge Hockey, players use two sticks with a hooked wooden blade at one end (for puck handling and ambidextrous shooting) and a pick at the other end. Each stick has a maximum length of 1 m and is made of wood, plastic or aluminium/titanium. The blade has a maximum length of 25 cm, except for the goaltender's blade, which has a maximum length of 35 cm. The pick end of the stick must not damage the ice surface or inadvertently puncture or slash other players, so the following rules apply:

- No part of the pick or teeth may come to a sharp point.
- The pick must not extend more than 1 cm anywhere beyond the stick.
- The pick must have at least six teeth, each with a maximum length of 4 mm.

The goaltender may have an additional pick at the base end of his stick. The goaltender may also use an additional stick with a blade or a trapper glove with teeth.

### Uniforms

Team members must wear identical uniforms with the player's name and country of origin printed in large letters across the jersey.

### Glossary of terms

#### Assist

Players are awarded assists for helping set up goals. The last two players to handle the puck prior to the scoring of the goal usually are credited for assisting the goal scorer.

#### Boarding

A penalty given to a player for flagrantly knocking another player into the boards.

#### Boards

The wooden and glass walls that surround the rink.

#### Body check

Using the hip or shoulder to impede the progress of a player or knock into a player.

#### Breakaway

A one-on-one scoring opportunity between the puck carrier and the opposing goaltender.

#### Changing on the fly

Substitution of players without a stoppage in play.

#### Charging

An infraction in which a player deliberately checks another player after taking more than two strides or steps.

#### Crease

A semi-circle in front of the goal known as the goaltender's privileged area. No players are allowed inside the goalie's crease. Goals usually are disallowed if a member of the offensive team is in the crease.

#### Face-off

The puck is dropped between two opposing players who face each other. Face-offs occur at the beginning of each period and after any stoppage of play.

#### Five hole

The space in between the goalie's legs. Many goals are scored in the five hole because of the way the goalie must shuffle to cover the entire net.

#### Forechecking

Pressuring the opposition when it controls the puck in the neutral zone or its defensive zone.

#### Hat trick

Three goals scored by one player in a single game.

#### Icing

When a player of a team that has an equal or greater number of players on the ice as the other team shoots or deflects the puck from his team's side of the ice beyond the goal line of the opposing team, and the puck is not touched when it goes through the neutral zone.

#### Interference

A penalty in which a player impedes another player who does not have the puck.

#### Neutral zone

One of the three areas of the ice surface, the neutral zone is located between the two blue lines.

#### One-timer

An immediate shot off a team-mate's pass. One-timers are very effective in surprising opposing goaltenders.

#### Poke check

A check in which a defender or goalie uses the blade of the stick to push the puck off the stick of an opponent.

#### Power play

A situation in which a team has more players on the ice because of a penalty (or penalties) called against the opposing team.

---

**Pulling the goalie**

In an attempt to tie the score, a team trailing by one or two goals may take its goalie off the ice and send out an extra skater. This usually occurs in the closing minutes of a game.

**Short-handed**

A situation in which a team is forced to play with fewer than six players because one or more have been sent to the penalty box.

**Slap shot**

The slap shot is the fastest of all hockey shots. Players make a sweeping motion with an accentuated backswing to shoot the puck.

**T-boning**

When one player rams his sled into another at a 90 degree angle. T-boning results in a penalty.

**Wrist shot**

More of a finesse shot, players shoot when the puck is directly against the blade of the stick with a flick motion of the wrist.

**Zamboni**

A machine that cleans and resurfaces the ice. The zamboni is run before and after the game, as well as in between periods.

## QUALIFICATION CRITERIA

### Participation

- Only those National Paralympic Committees (NPCs) recognised by the International Paralympic Committee (IPC) may enter competitions in the Paralympic Games.

### Eligibility for competition

Athletes eligible for competition are all athletes with locomotion disabilities in the lower part of the body.

- All athletes must qualify through the qualification system as defined by the IPC.
- The athlete must have an impairment of permanent nature in the lower part of the body of such a degree that it is obvious and easily recognisable and makes ordinary skating and consequently Ice Hockey playing impossible.
- Minimum disability includes: amputation (through the ankle); paresis (loss of 10 muscle points in both legs, not counting grade one and two, with maximal point score 80); joint mobility (ankylosis/fusion of the ankle joint); extension defect of at least 30 degrees or ankylosis of knee joint; CP (spastically/discoordination corresponding to CP class 7); leg shortening (at least 7 cm).

Normal upper body function is expected.

- Any impairment in upper body does not affect requirements of minimum disability in lower body.
- Athletes with hip joint disorders only, i.e. restricted mobility, are not eligible for the Paralympic Winter Games.
- Athletes without required minimum disability but who cannot play regular Ice Hockey because of chronic post-traumatic painful disorders, instability of ankle or knee joints or similar conditions, are not eligible.

### Qualification system principles

Eight teams will compete in the Paralympic Games Ice Sledge Hockey tournament as follows:

- The top three ranked nations that qualified at the 2004 IPC Ice Sledge Hockey World Championships.
- The top ranked nation from each of the following regions from the 2005 IPC Ice Sledge Hockey Regional Championships, not otherwise qualified from the: Americas, Asia, Europe. If all teams in the region have already qualified, the qualification slot for the region will be redistributed to the next ranked team from the 2005 IPC Ice Sledge Hockey Paralympic Games qualifier.
- The top ranked team, not otherwise qualified, from the 2005 IPC Ice Sledge Hockey Paralympic games qualifier.
- The host nation qualifies subject to competing in either the 2005 IPC Ice Sledge Hockey European Championships or 2005 IPC Ice Sledge Hockey Paralympic Games qualifier.

### Reallocation of unused team qualification slots

- Any team qualification slots that are not used by an NPC will be reallocated to the next highest ranked and not otherwise qualified NPC in the 2004 IPC Ice Sledge Hockey World Championships.
- Any team qualification slots that are not used by an NPC will be reallocated to the next highest ranked and not otherwise qualified NPC in the respective 2005 IPC Ice Sledge Hockey Regional championships.
- In the case that all other teams from the respective region have qualified through other methods, any qualification slot that is not used by an NPC will be reallocated to the next highest ranked and not otherwise qualified NPC from the 2005 IPC Ice Sledge Hockey Paralympic Games Qualifier.
- Any team qualification slots that are not used by an NPC will be reallocated to the next highest ranked and not otherwise qualified NPC in the respective 2005 IPC Ice Sledge Hockey Paralympic Games qualifier.
- In the case that all other teams have qualified, any qualification slot that is not used by an NPC will be reallocated to the next highest ranked and not otherwise qualified NPC from the 2004 IPC Ice Sledge Hockey World Championships.
- Any qualification slot allocated to the host nation that is not used will be reallocated to the next highest ranked and not otherwise qualified NPC from the 2004 IPC Ice Sledge Hockey World Championships.

### How the teams qualified

1. Norway, 1st place, 2004 World Championships.
2. USA, 2nd place, 2004 World Championships.
3. Sweden, 3rd place, 2004 World Championships.
4. Canada, regional qualification, Americas.
5. Japan, regional qualification, Asia.
6. Germany, regional qualification, Europe.
7. Great Britain, Paralympic Games qualifier.

8. Italy qualified as host country.

**Athlete quota**

- 120 athletes - eight teams of 15 men.

**NPC quota**

- One team of a maximum 15 athletes.

## COMPETITION SCHEDULE

Date	Time	Event
SAT 11 MAR	9:30	Prelim. Round - Group A Game 1 CAN vs GBR
